most relevant interest in "Everything
Conceivable", everyone in society has a
stake in these new reproductive
technologies and their expansion of our
traditional definitions of kinship; their
effects on current society and future
generations; and even their challenge to
what it means to be human.

is fascinating to say the very least. This book takes the reader on a thorough, unbiased trip through the world of Assisted Reproductive Technology (ART). As Liza Mundy proves with every turn of the page "reproductive technology is mirroring social change, but it also enables and drives that change, in ways that will affect every single citizen, and
